**METROJET EXPANDS ITS BUSINESS WITH AN MRO IN THE PHILIPPINES**

**HONG KONG, 8 March 2011** – Today at Asian Aerospace in Hong Kong, Metrojet is pleased to announce plans to develop an MRO at Clark in the Philippines. Plans are at an advanced stage, with ground breaking expected within the next 60 days and completion of the facility in early 2012. The 40,000 sq ft facility will offer the same aircraft maintenance services and support currently enjoyed in Hong Kong. Metrojet will also expand the range of services to include avionics upgrades, interior refurbishment, and exterior paintwork for aircraft.

“Metrojet believes embarking on this venture will better serve the growing demand for quality engineering and maintenance services for the Asian Business Aviation market” said Björn Näf, CEO of Metrojet. “We will continue to expand our business to support the growing demand from Business Aviation, and we believe by choosing Clark, with its close proximity to Hong Kong, this will allow us to remain the leading business aviation company in Asia.

**NOTE TO EDITORS**

**Metrojet Limited.** Established in 1995 and part of the Kadoorie Group, Metrojet is a leading operator and maintenance provider of business jets in the region, and pioneered business aviation services in Hong Kong. The company was awarded an Air Operator’s Certificate (FAA Part 121 equivalent) in June 1997. Metrojet is Hong Kong’s only fully licensed business jet operator, providing the complete range of business aviation services, including: aircraft charter, comprehensive aircraft management, aircraft maintenance service, aircraft co-ownership programs and aircraft acquisition and sales.

Metrojet’s maintenance department is currently a fully certified Repair Station with approvals from the Hong Kong CAD, the United States FAA and is fully authorized to carry out maintenance on aircraft registered in China, Macau, Taiwan, Malaysia, Bermuda, Canada, Isle of Man, and Cayman Islands. Metrojet is a full Authorized Gulfstream Warranty Repair Facility as well as an authorized Bombardier Aircraft Service Facility. Its Avionics and Airframe engineers have ratings on Gulfstream, Bombardier, Hawker Beechcraft, Falcon, Cessna Citation, Embraer, Boeing and Airbus aircraft as well as Eurocopter, MD, Bell, Sikorsky and Augusta helicopters.
