**METROJET ACHIEVED IS-BAO REGISTRATION**

**HONG KONG, 8 April 2011** – Metrojet is delighted to announce it has achieved International Standard for Business Aircraft Operations (IS-BAO) registration.

IS-BAO is modeled on the ISO 9000 family of standards. It requires development of programs, systems, processes and procedures to meet safety and security standards. The foundation of IS-BAO is the development of a safety management system to assess and mitigate the risks encountered in the flight operations.

“In achieving this registration, Metrojet has implemented a portfolio of the international standards and industry best practices to manage the safety, security, efficiency and effectiveness of our operations,” said Donald Spruston, Director General of International Business Aviation Council Ltd.

“Our flight department, engineering and safety management personnel invested considerable time and effort to develop and implement this world-class business aviation code of practice,” said Björn Näf, CEO of Metrojet

Metrojet’s professional multilingual flight dispatch team located at Hong Kong International Airport is standing by to process flight requests and prepare all of the necessary permits and in-flight catering preferences. Metrojet’s flight dispatch hotline is available 24 hours a day, 7 days a week to schedule your flight request at +852 2525 4747 or email at [ops@metrojet.com](mailto:ops@metrojet.com). With over 110 maintenance professionals, Metrojet operates the leading Asian corporate aircraft maintenance service center, facilitating regional AOG support for all business aircraft around the clock. Metrojet’s Maintenance Service Centre provides heavy/scheduled inspections and repair services and can be reached via its 24 hour customer support number at (+852) 2215 3838 or email at [mx@metrojet.com](mailto:mx@metrojet.com).

**NOTE TO EDITORS**

**Metrojet Limited.** Established in 1995 and part of the Kadoorie Group, Metrojet is a leading operator and maintenance provider of business jets in the region, and pioneered business aviation services in Hong Kong. The company was awarded an Air Operator’s Certificate (FAA Part 121 equivalent) in June 1997. Metrojet is Hong Kong’s only fully licensed business jet operator, providing the complete range of business aviation services, including: aircraft charter, comprehensive aircraft management, aircraft maintenance service, aircraft co-ownership programs and aircraft acquisition and sales.

Metrojet’s maintenance department is currently a fully certified Repair Station with approvals from the Hong Kong CAD, the United States FAA and is fully authorized to carry out maintenance on aircraft registered in China, Macau, Taiwan, Malaysia, Bermuda, Canada, Isle of Man, and Cayman Islands. Metrojet is a full Authorized Gulfstream Warranty Repair Facility as well as an authorized Bombardier Aircraft Service Facility. Its Avionics and Airframe engineers have ratings on Gulfstream, Bombardier, Hawker Beechcraft, Falcon, Cessna Citation, Embraer, Boeing and Airbus aircraft as well as Eurocopter, MD, Bell, Sikorsky and Augusta helicopters.
