

For Immediate Release

METROJET ACHIEVED IS-BAO STAGE 3

*Entering into 20 Years of Operational Excellence
Continue to Safeguard Safety as the Top Priority*

Hong Kong – (18 January, 2017) – Metrojet Limited (www.metrojet.com), a leading business aircraft services provider based in Hong Kong with presence in Asia, has successfully achieved the International Standard for Business Aircraft Operations (IS-BAO) Stage 3 certification, further affirming its distinguished efforts in attaining recognised world-class safety standards.

IS-BAO contains three stages of certification where Stage 3 is the highest registration certificate issued by the International Business Aviation Council (IBAC). The successful completion of an audit verifies that safety management activities are fully integrated into the operator's business and that a positive safety culture is integrated and supported in our daily operations.

"Flying 20 years without accidents is an important milestone for Metrojet," said Mr. Björn Näf, Chief Executive Officer of Metrojet. "We are very proud of delivering our promise to provide clients operational excellence and our efforts will continue to be the best in what we do."

Hans von Blucher, Metrojet's Head of Corporate Safety and Quality commented, "The team has led the Company through a lot of safety actions, reviews and training procedures to reach our safety objectives and continuously improve our safety culture. We are delighted to see our staff uphold the highest international safety standards, also allowing Metrojet to be recognised internationally for its achievement."

Metrojet has developed its own Safety Management System (SMS) and become the first business aviation organisation gaining SMS certification in Asia in 2009.

Established in 1995 and awarded Air Operator's Certificate in 1997, Metrojet is a leading business jet operator and maintenance provider in Asia. The company provides comprehensive aircraft management, charter, maintenance and consultancy services, and pioneered business aviation services for 20 years in Hong Kong.

– END –

NOTE TO EDITORS

Metrojet Limited. Established in 1995 and headquartered in Hong Kong, Metrojet is part of the Kadoorie Group and a sister company of The Peninsula Hotels. It is a leading business jet operator and maintenance provider in Asia, providing the complete range of business aviation services, including: aircraft charter, comprehensive aircraft management, aircraft maintenance service, and aircraft consulting. Metrojet pioneered business aviation services in Hong Kong; the company was awarded an Air Operator's Certificate (FAA Part 121 equivalent) in June 1997.

Metrojet's maintenance department is a fully certified Repair Station with approvals from the Hong Kong CAD, the United States FAA and is fully authorised to carry out maintenance on aircraft registered in China, Macau, Taiwan, Thailand, Indonesia, Philippines, Malaysia, Bermuda, Canada, Isle of Man, Cayman Islands, and San Marino. Metrojet is an Authorised Gulfstream Warranty Repair Facility, an Authorised Bombardier Aircraft Service Facility, and an Authorised Embraer Service Facility. It is also a Beechcraft Service Facility. Its highly trained engineers have Pratt & Whitney, Rolls-Royce, GE and Honeywell APU type ratings, and its Avionics and Airframe engineers have ratings on Gulfstream, Bombardier, Beechcraft, Embraer and Boeing aircraft.

Metrojet has expanded its presence in Asia in 2012 with the opening of Metrojet Engineering Clark – a maintenance facility located at Diosdado Macapagal International Airport within the Clark Freeport Zone in the Philippines. The company has also established MRO presence in India and Zhuhai, and recently in Singapore for aircraft management.
